

PROTECTION BOX

AGATA Protection Box

This is a protection cage for outdoor units of air conditioners and heat pumps designed for easy installation and long-lasting durability. Thanks to the quick connection mode, it does not require additional screws for assembly. It is suitable for enclosing any type of outdoor unit due to the modularity of the panels and compatible with a wide range of AC and heat pumps brands on the market thanks to the variety of sizes.

GENERAL FEATURES

- Easy installation thanks to the mounting bars with integrated level, no additional screws and no friction points that increase the risk of rust formation.
- Wide range of sizes available to cover all types of air conditioners and heat pumps.
- Inspection and maintenance door with square lock for access to the outdoor unit.
- 4 knock out's for the passage of pipes and wiring.
- Polyester powder coating for maximum durability and protection.
- Available in three different colors: White RAL9002, Black RAL9005, Anthracite RAL7016.
- Hidden security system allows panels locking.
- Optional back panel for complete enclosure with possibility of ground fixation.
- Optional condensate collection tray.

BUILDING MATERIAL

- Galvanized sheet metal.

PRODUCTION PROCESS

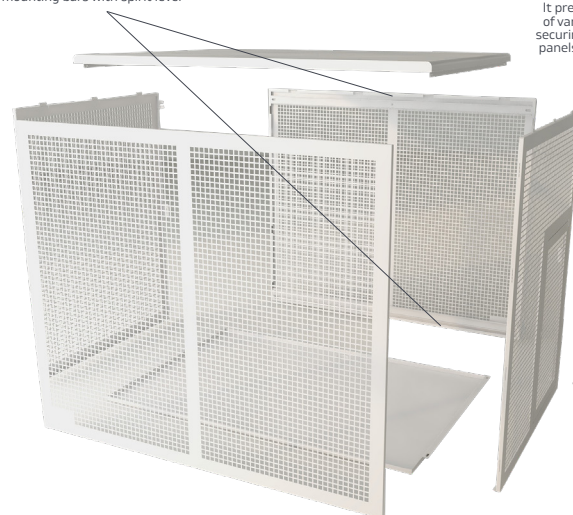

- Punching.
- Laser cutting.
- Bending.
- Powder coating.
